APPENDIX “A” to the  
Charter for the Corporate Governance  
and Nominating Committee

The following guidelines set forth the procedures and criteria used by the Corporate Governance and Nominating Committee (“Committee”) of the Board of Directors (the “Board of Directors”) of Tecsys Inc. (the “Corporation”) in the identification, evaluation and recommendation of director nominees.

**A. IDENTIFYING AND EVALUATING DIRECTOR NOMINEES**

**1. Board Responsible**

The Committee is responsible for, among other duties specified in its mandate, identifying individuals qualified to become members of the Board and its committees, and for election at the next annual meeting of shareholders.

**2. Process for Consideration of Nominees**

- (a) *Identification of Candidates* — The Committee shall identify candidates for director nominees in consultation with management, through the use of search firms or other advisers, through recommendations submitted by shareholders pursuant to the procedures prescribed by applicable laws or through such other methods as the Committee deems to be helpful to identify candidates, including through the business networks of incumbent Board members.
- (b) *Evaluation Process* — Once candidates have been identified, the Committee shall confirm that the candidates meet all of the qualifications for director nominees set forth in applicable laws and these Guidelines. The Committee may gather information about the candidates through interviews, background checks, or any other means that the Committee deems to be helpful in the evaluation process. The Committee shall then meet as a group to discuss and evaluate the competencies and skills that the Committee considers to be necessary for the Board, as a whole, to possess; the competencies and skills that the Committee considers each existing director to possess; and the competencies and skills each new nominee will bring to the boardroom. The Committee shall also consider whether a candidate has any material conflicts of interest with the Corporation. There shall be no difference in the manner by which the Committee evaluates director candidates, whether proposed by a shareholder or by another method.
- (c) *Recommendation of Nominees to Board* — Based on the results of the evaluation process, and the current composition, skills, experience and diversity of the Committee, the Committee shall decide upon the selection of nominees for election to the Board.

## B. DIRECTOR QUALIFICATIONS AND SKILLS

The Corporation seeks directors who possess the qualifications and skills described in this Appendix. Moreover, the Corporation evaluates each individual candidate in the context of the overall composition and needs of the Board with the objective of recommending a group that can best fulfill the duties of the Board as set forth in applicable law and in the charters of the Board and its committees, in order to lead to the success of the Corporation's business and represent shareholder interests using its diversity of experience, competence and skill. The Board will consider these and other qualifications, skills and attributes when recommending candidates as nominees for the Board:

### 3. Board Qualifications

- (a) *Independence* — A majority of the members of the Board shall meet the independence requirements as set out in National Policy 58-201 Corporate Governance Guidelines (“NP 58-201”) of the Canadian Securities Administrators (“CSA”) and the Toronto Stock Exchange (“TSX”) or any governmental or regulatory body exercising authority over the Corporation (each a “Regulatory Body”), as in effect from time to time. In any event, an independent director must be free from any relationship that, in the opinion of the Board, would interfere with, or have the appearance of interfering with, the exercise of his or her independent judgment as a member of the Board or of a Board committee, including any conflicts of interest stemming from his or her professional or other affiliations.
- (b) *Minimum Qualification* — In addition to the minimum qualifications prescribed by applicable law, the Corporation requires its directors to possess certain minimum qualifications, including substantial or significant business or professional experience or an understanding of finance, marketing, financial reporting, international business or other disciplines relevant to the business of the Corporation.

- (c) *Other Committees* — Members of other committees shall meet the applicable requirements of the Regulatory Bodies and the Board as the Committee deems necessary.

#### 5. Limits on Other Board Memberships and Commitments

The Corporation expects that a director's existing and future commitments will not materially interfere with such director's obligations to the Corporation. The Corporation recognizes that directors should limit the number of boards on which they serve so that they can give proper attention to each board responsibility. However, the philosophy of the Corporation is not to set an invariant limit on the number of boards on which a director may serve. In the event a director wishes to join the board of another company, it is expected that the director will notify the Committee Chair or the Secretary once he or she has determined to accept any invitation to serve on another corporate board or with any governmental advisory or charitable organization.

6. Incumbents

For candidates who are incumbent directors, the Corporation takes into consideration the following factors, among others, when considering such individuals as director nominees; such director's past attendance at meetings, participation in and contributions to the activities of the Board and any changes in professional roles and responsibilities. In the event an incumbent director retires, has any change in employer or has any other significant change in professional roles and responsibilities, he or she is expected to report that change to the Committee Chair or the Secretary. The Committee shall evaluate the continued appropriateness of board membership under the new circumstances and, if necessary, make a determination with respect to continued Board membership.

7. Amendments.

The Committee shall review and assess the adequacy of these guidelines periodically, as well as in response to rules promulgated by the Regulatory Bodies. The Corporation will disclose any material changes to these guidelines as required by the Regulatory Bodies and applicable law in the Corporation's SEDAR filings.
