### **Peter Brereton of Tecsysis Inc. Named EY Entrepreneur Of The Year® 2019 Quebec for Technology**

**Montreal**, November 11, 2019 — Ernst & Young LLP (EY) has named Tecsysis Inc. (TSX: TCS) President and CEO Peter Brereton an Entrepreneur Of The Year® 2019 Quebec Award winner in the Technology category. Entrepreneur Of The Year® recognizes entrepreneurs who demonstrate excellence and extraordinary success in areas such as innovation, financial performance and personal commitment to their businesses and communities. Brereton was recognized for his achievements by an independent panel of judges, and the award was presented at a special black-tie gala on November 7, 2019.

"I'm deeply humbled to receive this distinction from EY," expresses Brereton. "Although it's my name on the award, it belongs equally to our incredible team here and around the world. As I reflect on where Tecsysis began some 35 years ago in my brother's basement, to the global software provider it is today, I am so proud of the reputation we have been able to preserve throughout its continued growth and expansion."

Considered one of the most prestigious business awards programs globally, the program recognizes leaders of high-growth companies who are excelling in business and transforming the world.

Brereton initially led the company's software development, product management, sales and marketing. In 1998, he was appointed CEO and was largely responsible for the company's Initial Public Offering.

Under Brereton's stewardship, Tecsysis has grown into a global provider of supply chain execution technology recognized as a "Visionary" by Gartner Inc. in its Magic Quadrant for Warehouse Management Systems, a position Tecsysis has held since its first inclusion in 2010. Tecsysis is the market leader in North America for supply chain solutions for health systems and hospitals. Over 1,000 small, mid-size and large customers around the world trust their supply chains to Tecsysis in the healthcare, service parts, third-party logistics, retail and general wholesale high-volume distribution industries.

Now in its 33rd year, the EY Entrepreneur Of The Year has expanded to recognize business leaders in more than 145 cities and more than 60 countries throughout the world.

### **About Entrepreneur Of The Year®**

Entrepreneur Of The Year®, founded by EY, is the world's most prestigious business awards program for entrepreneurs. The program makes a difference through the way it encourages entrepreneurial activity among those with potential and recognizes the contribution of people who inspire others with their vision, leadership and achievement. As the first and only truly global awards program of its kind, Entrepreneur Of The Year celebrates those who are building and leading successful, growing and dynamic businesses, recognizing them through regional, national and global awards programs in more than 145 cities and more than 60 countries.
